5. **CLEAN ALL SURFACES WHEN YOU RETURN. UPON RETURN, WASH ALL DISHES, SILVERWARE, GLASSES, AND COOKING UTENSILS.**

Treatment Description:

- This unit has been identified as an infested unit that must be fogged to reduce infestation levels.
- This is a fogging application using EPA registered pesticides.
- The service technician will release a FOG into the unit. It will evaporate shortly. The fogging is intended to eliminate insect activity. Visit our web site for more information: www.torcotermit.com
